ARIZONA ARCHAEOLOGY EXPO
Arizona State Museum
University of Arizona
1013 E. University Blvd.
Tucson, Arizona

The highlight of **Archaeology and Heritage Awareness Month** is the **Archaeology Expo** at the Arizona State Museum, University of Arizona, Tucson, **March 1-2, 2008**, 9 am to 4 pm. **Both days are open to the public and admission to the Expo is free.**

The Archaeology Expo is sponsored by the State Historic Preservation Office (SHPO), Arizona State Parks, and the Governor's Archaeology Advisory Commission. Many other partners will be joining together to present a varied Expo format offering two days of educational, hands-on archaeology programs to the public.

The Expo offers many attractions for those interested in archaeology and history. Over 35 special displays and booths by archaeological and historical organizations, museums, Native American tribes, state and federal agencies, and others will allow you to participate as an archaeologist might in their research today, or make crafts that teach how prehistoric Native Americans survived in the Southwest, or play games like the historic settlers did. Living history re-enactors, Native American demonstrators and entertainers, interactive activities, and tours of archaeology laboratories and museum collection areas and exhibits will help make the past come alive! In addition, tours of local prehistoric and historic archaeological sites will be featured.

Free raffles featuring prizes of archaeology-related items will occur throughout both days. Ethnic foods will be available for purchase. The Expo will give visitors new insights into Arizona's many prehistoric, historic, and contemporary cultures.

Directions: I-10 is currently under construction for at least two years. If you are driving from south of Tucson, follow directions to get off the interstates for the downtown exits. This will mean that you will drive along the frontage roads until you come to the Speedway exit.

Get off on Speedway and head east to Park, then go south to University and you will be right at the west main gate to the University of Arizona at Park and University. ASM is just inside on the left. If you are driving from the north: Follow directions to get off the interstate at Prince Rd. You will drive along the frontage roads until Speedway. Get off at Speedway and head east (under the interstate) until you come to Park, then go south to University and you will be right at the main west gate to the University of Arizona at Park and University. ASM is just inside on the left. Or, get off the interstate farther north, for instance on Ina Rd., and go over to First Ave., then come south to University Blvd. (at Grant, First Ave. curves and becomes Euclid), and you will arrive right at the main west gate of the UofA at Park and University; ASM is just inside on the left.

Parking is available out on University Blvd. west of campus, in parking garages west of campus and just east of Euclid (one at Second Street, the other south of University), and on other surface streets west and north of the campus area.

For more detailed information, call Ann Howard, Public Archaeology Programs Manager, at Arizona State Parks, SHPO, (602) 542-7138 or avh2@azstateparks.gov. Information on the Arizona State Museum can be found at www.statemuseum.arizona.edu.

ARCHAEOLOGICAL SITE ETIQUETTE GUIDE

State Historic Preservation Office
Arizona State Parks (602-542-4009)

Welcome to the past! Arizona contains some of the nations -- and indeed the worlds -- greatest archaeological sites. Please take a few minutes to familiarize yourself with this site etiquette guide that will facilitate an enjoyable visit for you, AND for others who follow you!

Archaeological sites in Arizona are the remains of a long occupation of prehistoric, protohistoric, and historic cultures. They are a fragile and non-renewable resource. You are responsible for the stewardship of these ruins, both for public enjoyment and education, and for preserving their scientific values. The following guidelines will help you minimize impacts to archaeological sites:

1. Walls are fragile and continually deteriorating. That is why they are called "ruins." **Climbing, sitting or standing on walls can damage them. Also, picking up or moving rocks alters the walls forever.**
2. Artifacts, where they lay, tell a story. Once they are moved, a piece of the past is destroyed forever.
Digging, removing artifacts, or piling them up changes what can be learned from these pieces of the past.
3. Cultural deposits, including the soil on an archaeological site, are important for scientific tests and are used in reconstructing past environments. For instance, from such information we can learn what kinds of plants were be used by the past inhabitants.
Please carry out any trash (especially organic remains) you may have while visiting a site.
4. Fragile desert plants and soils that are part of archaeological sites are destroyed when you stray from the trail. Also, snakes and other small desert animals make their homes in the bushes and under rocks and in burrows . . . you may disturb them.
Please stay on trails . . . they are there for your protection and the protection of fragile cultural remains.
5. Fire destroys prehistoric organic materials, ruins the dating potential of artifacts, and damages or even destroys rock art.
Absolutely no fires, candles, or smoking should occur at archaeological sites.
6. Oils from even the cleanest hands can cause deterioration of prehistoric drawings and ruin the dating potential for future scientists trying to unravel the meaning of symbols painted and pecked on stone.
Please refrain from touching rock art.
7. Graffiti (drawing/painting, scratching, and carving) is destructive and can destroy rock art, as well as deface wooden/stone buildings.

Graffiti destroys rock art as well as other values.

8. Pets damage sites by digging, urinating and defecating in them. They can destroy fragile cultural deposits and frighten other visitors and native animals.

Please do not bring pets onto archaeological sites.

Finally, be aware of your surroundings when you are outdoors. Avoid driving or riding your bicycle through sites; pitching your camp in a site; dismantling historic buildings for firewood or any other use; and, camping, or making campfires, in historic buildings.

All archaeological sites on public (federal and state) land in Arizona are protected by the Archaeological Resources Protection Act and state laws that prohibit digging, removing artifacts, damaging and/or defacing archaeological resources; these laws provide for both felony and misdemeanor charges with jail time, confiscation of property, and large fines. Arizona state law also protects graves (human remains) and grave goods located on state and private land.

If you see people vandalizing sites, please report it as soon as possible to the public land manager (e.g., the Forest Service, the Arizona State Land Department, etc.) or their law enforcement entity.

Archaeological site locations are also protected under federal and state laws. Please do not disclose information about where sites are located, as it could potentially lead to those sites being vandalized or looted.

By following these simple guidelines, **YOU** can help preserve these unique and fragile remains of **OUR** American heritage. Remember, **THE FUTURE OF THE PAST DEPENDS ON YOU!** Thanks for your cooperation, and we hope that you enjoy visiting archaeological sites in Arizona!

GET INVOLVED IN ARIZONA ARCHAEOLOGY!!!

The Arizona Site Steward Program

The Arizona Site Steward Program is sponsored by the State Historic Preservation Office (SHPO) and is an organization of volunteers that aid the public land managers of Arizona by visiting prehistoric and historic archaeological and paleontological sites on public land and reporting any destruction or vandalism that they note. In addition to this site monitoring, Site Stewards are also active in public education through outreach activities. Site Stewards are selected, trained, and certified by the SHPO and the Archaeology Advisory Commission.

Information about the Arizona Site Steward Program can be found at the following web site: www.azstateparks.com, linking to the SHPO, then to "Public Preservation Programs."

If you are interested in volunteering as a Site Steward, please contact:

The Southwest Archaeology Team, Inc.

The Southwest Archaeology Team, Inc. (SWAT) is affiliated with the Mesa Southwest Museum and is a group of volunteers who have the following goals:

- *to promote stewardship and conservation of our archaeological heritage;**
- * to promote the stabilization and preservations of historic and prehistoric sites;**
- *to have an emergency archaeological crew to survey or excavate sites that might be lost if volunteers do not assist with the project;**
- *to maintain a membership of archaeologists to supervise the documentation and analysis of the archaeological discoveries; and**
- *to involve the public and provide educational opportunities for adults and children.**

The Arizona Archaeological Society

The Arizona Archaeological Society (AAS) was founded in 1964 to promote and increase public awareness regarding our national archaeological and cultural resources. The goal of the AAS is to protect these antiquities by discouraging exploitation of archaeological resources. AAS has a nationally known training program to train and certify avocational archaeologists who can then work with professional archaeologists. AAS also conducts summer field schools with professionals using research, excavations, and rock art recording techniques.

To join and participate in the AAS, visit our web site at www.AzArchSoc.org, or contact the State President, Sylvia Lesko at slesko@cox.net.

Arizona Archaeology and Heritage Awareness Month is funded by the Arizona Heritage Fund, administered by the Arizona State Parks Board through the State Historic Preservation Office/Arizona State Parks.

Listing of Events
for Arizona Archeology and Heritage Awareness Month
at Pipe Spring National Monument, March 2008

Every Saturday: **Pipe Spring Super Saturdays.** Every Saturday in March from 11:00 am-2:00 pm a special program for our younger visitors will be presented at Pipe Spring National Monument. Children of all ages are invited to spend time with a ranger learning about various aspects of living here at Pipe Springs more than 100 years ago. Programs will consist of walks, talks and demonstrations that are fun, interactive and educational.

Saturday, March 1, noon – 4 pm: *Demonstration –* **Cooking on the Old Wood Stove.** Ever wanted to learn how to cook on a wood stove? Here is your chance! Join volunteer Anne Weeks for some tips and tricks of wood stove cooking.

Sunday, March 2, 10 a.m. – noon: **Hike – Mu’uputs Canyon, Paiute History and Lifeways.** Join park ranger Benn Pikyavit on this 1.5 mile, moderate hike into scenic Mu’uputs Canyon on the Kaibab Paiute Reservation. Ranger Pikyavit will talk about Southern Paiute traditional life ways and connections to the natural world. Participants will visit two “rock art” petroglyph sites. This hike is offered in cooperation with the Kaibab Band of Paiute Indians. A tribal fee of \$5 per person will apply in addition to the Monument entrance fee of \$5 per person or entrance with a park pass. Please call 928-643-7105 for more information and to sign up. Participants should dress warmly and carry water.

Friday, March 7, 10 – noon : *Demonstration–* **From Rags to Rugs.** Come and help volunteer Nora Becker braid some “new” rag rugs for Pipe Spring. Nora will also talk about some of the other techniques for making rugs.

Friday, March 7, 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): *Talk –* **The Archaeological Record of the Southern Paiute.** Join archaeologist Britt Betenson for and look at what archaeology tells us about how the Southern Paiute lived off the local resources including food collection, cooking and tool technology, and hunting techniques.

Saturday, March 8, noon – 4 pm: *Demonstration –* **Cooking on the Old Wood Stove.** Ever wanted to learn how to cook on a wood stove? Here is your chance! Join volunteer Anne Weeks for some tips and tricks of wood stove cooking.

Saturday, March 8, 1:00-3:00 p.m: **Talk – The Old Spanish Trail – Research, Romance, and Recreation.** Join Paul Ostapuk, the Arizona Director for The Old Spanish Trail Association, to learn about the original opening of the Old Spanish Trail and modern efforts to preserve this historic route.

(Daylight Savings time happens for the rest of the world on March 9 – the following programs are listed in Arizona time (Standard) and Utah time (Daylight)).

Monday, March 10, 1:00 – 3:00 p.m. AZ (2:00 – 4:00 p.m. UT): **Talk – Crafts of the Kai’va’veets.** The culture of the Kaibab centered on their connection to the earth. Join ranger Benn Pikyavit to learn more about this connection and its importance to the Kaibab.

Wednesday, March 12th, 1:00 – 3:00 p.m. AZ (2:00 – 4:00 p.m. UT): **Talk – Pueblos, Puebloids, and Paiutes: Prehistory of the Northwestern Southwest.** Join archeologist David Van Alfen for an overview of archeology of the Arizona Strip and neighboring regions.

Thursday, March 13, 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): **Talk – The Yana’want.** Join ranger Benn Pikyavit to learn more about the life and times of the Yana’want.

Friday, Marcy 14, 10 – noon AZ, (11:00 a.m. – 1:00 p.m. UT) : **Demonstration – From Rags to Rugs.** Come and help volunteer Nora Becker braid some “new” rag rugs for Pipe Spring. Nora will also talk about some of the other techniques for making rugs.

Friday, March 14, 7:30-9:30 p.m AZ (8:30-10:30 UT): **Evening stargazing program - Star Party and Paiute Stories,** Southern Paiute winter stories related to the stars and cosmos will be shared by Kaibab Paiute tribal member and park ranger Benn Pikyavit. Local amateur astronomer, Mike Satter, and special guest Von Del Chamberlain -former director of the Hansen Planetarium in Salt Lake City - will share astronomical stories of other cultures and star gazing tips. Satter and Chamberlain will have one or more telescopes trained on the skies for participants to get a clear view of planets and stellar objects. Dress warmly; bring blankets, chairs, and flashlights.

Saturday, March 15, 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): **Talk – Living off the Land, Paiute Style.** From bark skirts to rabbit skin robes, yucca soap to yucca sandals, and dried cactus fruit to pine nut gravy, the Paiutes of the 19th century were masters of living off the land. Meet Kaibab Paiute tribal member Glendora Homer at the Visitor Center to see items and discuss Paiute lifeways.

Sunday, March 16th – 9:00 a.m. – noon AZ (10 a.m. – 1:00 p.m. UT): **Hike – Powell Marker Hike.** This fairly strenuous hike steeply climbs approximately 800 feet in elevation from Pipe Spring to the top of the Vermilion Cliffs. The ridge-top destination is one of the survey triangulation stations established by the John Wesley Powell Topographical Survey crew in the early 1870s. Views to other major landmarks, and hence, other Powell triangulation station locations are outstanding. The hike will be led by Pipe Spring ranger Benn Pikyavit who will talk about Powell’s work in the area. This hike takes place largely on the Kaibab Paiute Indian Reservation and is offered in cooperation with the Kaibab Band of Paiute Indians. A tribal fee of \$5 will apply in addition to the Monument entrance fee of \$5 per person or entrance with a park pass. Please call 928-643-7105 for more information and to sign up (limited to 20). Participants should dress warmly and carry a pack with a jacket, water, and snacks.

Tuesday, March 18, 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): **Demonstration – From Rags to Rugs.** Come and help volunteer Nora Becker braid some “new” rag rugs for Pipe Spring. Nora will also talk about some of the other techniques for making rugs.

Friday, March 21 – 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): **Talk – Dots and Dashes: The Telegraph at Pipe Spring.** Meet park ranger David Shearer to learn about the first telegraph office in Arizona. At least eight different women operated the telegraph at Pipe Spring between 1871 and 1888. (Louella Stewart, Marion Leah Lee, Sarah Alydia Terry, Ann Pulsipher, Georgiana Snow Thatcher, Josephine Snow Tanner, Linda Marringer)

Saturday, March 22, 10 a.m. – 1:00 p.m. AZ (11:00 a.m. – 2:00 p.m. UT): **Demonstration – Blacksmithing.** Flames-a-roaring, hammer-a-pounding, and sweat-a-pouring. These were common sounds and sights when the blacksmith was at work. Join park ranger Evan Cram as he molds the blacksmith’s legend.

Wednesday, March 26 – 1:00- 3:00 p.m.AZ (2:00-4:00 p.m. UT): **Walking Tour – Rusty Nails and Glass Bottles: The Role of Historical Archaeology in Understanding Historic Settlement at Pipe Spring National Monument.** Join archeologist Sarah Horton for an overview of what historical archaeology is, how it is different from prehistoric archaeology, and what it can tell us about Pipe Spring National Monument.

Friday, March 28, 1:00 – 3:00 p.m. AZ (2:00-4:00 p.m. UT): ***Walking Tour – Camp DG-44: The Civilian Conservation Corps at Pipe Spring National Monument.*** Join Chief of Interpretation & Resource Management, Andrea Bornemeier, for a guided stroll through the sagebrush flat that was the home of Civilian Conservation Corps (CCC) Camp DG-44 during the late 1930s. Learn about the life of the CCC “boys” at Pipe Spring and their work across the Arizona Strip. Former CCC members are encouraged to come and share memories and photos.

Saturday, March 29, 10 a.m. – 1:00 p.m. AZ (11:00 a.m. – 2:00 p.m. UT):
